1. NATURE OF OPERATIONS AND GOING CONCERN

Honey Badger Silver Inc. (the “Company”) is a publicly traded company incorporated in Ontario, Canada in 1992. The Company’s common shares are listed for trading on the TSX Venture Exchange (the “TSX-V”) under the symbol “TUF” and on the OTCQB Venture Market in the United States under the symbol “HBEIF”. The Company corporate office is located at Unit 1 – 15782 Marine Drive, Vancouver, BC, V4B 1E6 and the Company’s registered and records office is located at 199 Bay Street, Suite 5300, Commerce Court West, Toronto, Ontario, M5L 1B9.

The Company is engaged in identifying, evaluating, acquiring, and exploring silver-based and other metals-based assets, including high-grade properties, and projects with existing mineral resources/reserves and cash-flowing metal royalties and streams. The Company has several projects in Canada.

These condensed interim consolidated financial statements have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. As at June 30, 2025, the Company had working capital of \$71,521. Management estimates that the Company does not have sufficient financial resources to carry out currently planned operations and exploration through the next twelve months. Additional financing may be required by the Company to complete its strategic objectives and continue as a going concern. There is no assurance that the Company will be able to obtain adequate financing in the future or that such financing will be on terms acceptable to the Company. These material uncertainties may cast significant doubt upon the Company’s ability to continue as a going concern.

These financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate.

On April 9, 2024, the IASB issued IFRS 18 "Presentation and Disclosure in the Financial Statements" ("IFRS 18") replacing IAS 1. IFRS 18 introduces categories and defined subtotals in the statement of profit or loss, disclosures on management-defined performance measures, and requirements to improve the aggregation and disaggregation of information in the financial statements. As a result of IFRS 18, amendments to IAS 7 were also issued to require that entities use the operating profit subtotal as the starting point for the indirect method of reporting cash flows from operating activities and also to remove presentation alternatives for interest and dividends paid and received. Similarly, amendments to IAS 33 "Earnings per Share" were issued to permit disclosure of additional earnings per share figures using any other component of the statement of profit or loss, provided the numerator is a total or subtotal defined under IFRS 18. IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, and is to be applied retrospectively, with early adoption permitted. The Company is currently assessing the impact of the standard on its financial statements.
